### **DETAILED ACTION**

The submission of amendment filed on 5/19/04 is acknowledged. At this point claims 1, 3 and 9 have been and the remaining claims left unchanged. Thus, claims 1-21 are at issue in the instant application.

#### ***Allowable Subject Matter***

Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to Claims 1, 3 and 9 the prior art of record fails to show a light guide plate having a back face provided with a great number of micro-reflectors discretely arranged for conversion of an inputted light, wherein each micro-reflector has a first slope being inclined with respect to an extending plane of the emission face more gently as compared with the second slope, and the inputted light being converted by a pair of inner reflections effected by the first slope and then by the second slope, thereby being emitted from the emission face.

Claim 2 is allowed as claim depended on claim 1.

Claims 4-8, 20 and 21 are allowed as claims depended on claim 3.

Claims 10-19 are allowed as claims depended on claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
